**RESPONSE TO RESTRICTION REQUIREMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In response to the restriction requirement set forth in the Office action dated October 25, 2006, Applicants hereby elect, with traverse, the invention of Group I, Claims 1-7, drawn to a method of folding a bottom of a package.

The election of the Group I, Claims 1-7, is made with traverse because it is believed that all of the claims of this application can be examined at the same time without serious burden. In addition, to the extent claims are later added that are specific to one of the non-elected groups, the search required for such claims would be substantially coextensive with the search associated with claims encompassing the elected group. In addition, examining such additional claims would likely not be seriously burdensome.

In light of the foregoing, withdrawal of the restriction requirement and examination of all of the claims of this application are respectfully requested.

In the event that there are any questions concerning the application, the Examiner is respectfully urged to telephone the undersigned attorney so that prosecution of the application may be expedited.

Respectfully submitted,

BUCHANAN INGERSOLL & ROONEY PC
